1995 BOARD OF SELECTMEN'S REPORT

Holderness bid a fond farewell to Harold Maybeck, who finished his term in March. A busy personal schedule teaching at Plymouth State College precluded another term. From all of us a heartfelt thank you. Steve Huss joined us this year and has had a very full year. His presence has added a good business head to the Board. Welcome to the Board Steve!

Another very busy year for our town of Holderness, New Hampshire. With the ever increasing demand for accountability, and the need for paperwork to support it, we commend the Staff at the Town Offices for doing an excellent job with an ever-expanding task. Many thanks to Kathy Rowell, Municipal Secretary, who moved to Florida. We wish her the best in her new location. We welcome Maureen Evleth, as the new Secretary. She brings much experience to the job, and we are lucky to have her.

One of the first orders of business was the implementation of the new computer program in the Bookkeeping Department to upgrade the accounting system and facilitate the retrieval of data for the Department Heads, the Town Administrator, and the Budget Committee. We are using One Write software. After initial adjustments, it has made a big difference in the Bookkeeping Department.

The Selectmen addressed the request by the Town to implement a Department Review by an outside firm. After much discussion, investigation into other towns experience with these firms, and the formation of the Committee to address the building needs of the Public Safety Building and Highway Garage, it was the consensus of the Board not to expend the funds for that project.

Other important items on the town's agenda were:

The task of choosing an assessing firm was completed with the hiring of Avitar Associates of New England, Inc. under the direction of Gary Roberge. They did the preliminary work for a system that keeps the values current, so the town does not have the fluctuations in value that have occurred in the past. It will keep a more parallel course with the current sales figures.

Enhanced 911 is proceeding. The GPS (Global Positioning System) map from the State has not been completed yet. Private roads have been named that add to the number of signs required. Much needs to be done to identify, catalogue, and update the information necessary to keep the system working to its highest potential. House numbers cannot be assigned until the map is complete. As soon as they are ready every one will be notified!

The Town purchased a new Galion Grader to replace the 1972 model that outlived its usefulness after 23 years of service.

The Selectmen attended a number of meetings held by the N.H. Department of Transportation to address the Interstate 93 Off and On Ramps at exit 25. Also, the new Pemigewasset Bridge Project to replace the existing Green Bridge that joins Holderness and Plymouth. We will continue to represent the town's interest at future meetings.

Congratulations to Georgene Fabian, the recipient of the N.H. Office of State Planning's award for Outstanding Community Volunteer. Thank you, Georgene for your commitment and hard work on the Holderness Master Plan. It was much appreciated!

The N.H. Department of Fish & Game acquired the former Holderness Glenn property consisting of 220 acres.

Another section of Coxboro Road was completed this year with monies from the Road Reconstruction Capital Reserve Fund. In 1996, upon the recommendation of the Transportation Improvement Plan (TIP) committee, the Selectmen propose to do another section of Coxboro Road and Shepard Hill Road. Monies for these projects will again come from the Road Reconstruction Capital Reserve Fund if approved at the Town Meeting.

Holderness qualified for Federal funds from FEMA (Federal Emergency Management Agency) to reimburse the Town for 75% of its costs generated by the October floods. The Selectmen (with the approval of the Budget Committee) have submitted two articles in the 1996 Warrant to establish a Flood Expendable Trust Fund and a Forest Fire Expendable Trust Fund to set aside monies to cover the costs of these natural disasters. The Town is reimbursed for such costs and the monies received would be placed in the respective funds in the future.

This year, the voters of the Town of Holderness have an opportunity to address the building needs of three of our dedicated departments who are "on call" 24 hours a day.

After nearly two decades of research, proposals, and compromises, the Selectmen and the Budget Committee recommend the proposals made by the Public Safety and Road Maintenance Buildings Committee. The proposals recommend the construction of a new Fire/Police facility, to be located across the street from the present Fire Station, and a new Highway Garage, to be located on a 5 acre parcel in the Town Forest. (This site was approved at the 1987 Town Meeting).

Justification of need are as follows:

Removal of the police and highway functions from the Town Hall will provide much needed space inside the building and parking facilities outside the building.

The present quarters for all three departments are inadequate, to say the least! The Highway Department currently consists of three weathered wood frame buildings; our inventory of trucks, loader and related equipment is stored outside exposed to the weather; the staff members' working environment is less than satisfactory. The Fire Department has had additions in the past, but it has out grown them. There is no space for the new fire engine, training, or even to move safely amongst the existing fire apparatus. The Police Department consists of 750 square feet of space. There are no separate areas for the questioning of adult and juvenile detainees. The reception area is exposed to the open foyer of the Town Office.

The funding for these two projects is to be provided by the sale of municipal bonds. Hearing No. 1 was held on January 24, 1996. At that hearing, the amount recommended for bonding was \$1.4 million. Subsequent meetings pared that figure down to \$950,000. This amount has the approval of the Board of Selectmen, the Buildings Committee and the Budget Committee. To pass the bond issue requires a 2/3 majority vote. We urge you to attend Town Meeting and cast your ballot!

The Board of Selectmen would like to take this opportunity to thank the Public Safety and Road Maintenance Buildings Committee for its extraordinary efforts to bring these proposals before Town Meeting. Those efforts included hiring SFC Engineering to oversee the development of plans to include the most recent building, fire, handicap accessibility codes; architectural drawings; consideration of site preparation, to name a few.

This has been an exciting year and the Board looks forward to the challenges to come.

Respectfully submitted,

Susan Webster, Chairman
Claudia Goodwin
Steven Huss
Holderness Board of Selectmen

ADMINISTRATOR'S REPORT 1995

You all know the town had a property assessment update. We essentially, have a new system to learn. We have revised base rates for land and for building construction. In the past all lake property was based on the Big Squam Lake rate, now additional base rates have been set for the River Channel, Little Squam Lake and White Oak Pond. For properties assessed for a view, we now have a manual with examples of views with their values. We have charts showing positive factors: sandy beach, landscaped, etc. and negative factors: shallow or rocky waterfront, steep waterfront topography etc. This year we concentrated on the land values. Over the next few years, we are going to concentrate on the building values. Instead of doing a town wide review, we are dividing the town into sections. Each year a section will be done and all buildings within that section will be inspected and measured.

This past year I worked closely with the Building Committee: Larry Gooch, Alan Howe, Adrian Robie, Mike O'Donnell, Paul Montour, Skip VanSickle and Sue Webster. Meeting almost weekly, all members were conscientious and did an excellent job. They presented good in depth questions to the engineer and architect regarding building construction costs. They prepared a solid proposal for the present and future needs of the Fire, Police and Highway Departments.

I look forward to 1996. It should be a productive year with the town accomplishing some long overdue projects.

Respectfully submitted,

Sandra L. Heath
Town Administrator

TOWN OF HOLDERNESS

TOWN MEETING-MARCH 14, 15, 1995

At the annual Town Meeting of the Town of Holderness held on March 14 and 15, 1995, the following business was transacted.

At 10:00 a.m. on Tuesday March 14, 1995, at the Holderness Town Hall, the Moderator, Ross Deachman convened the meeting and started the reading of the Warrant. After reading Articles 1 and 2, the Moderator declared the polls open. At 7:00 p.m. the polls were closed and the ballots were counted. Results were announced and winners were declared by the Moderator.

At 7:00 p.m. on Wednesday, March 15, 1995 at the Holderness Central School the Meeting resumed. Moderator, Ross V. Deachman opened the meeting with pledge of allegiance and by having a moment of silence for those residents who passed away during the year of 1994. The results of the town election which took place Tuesday, March 14, 1995 were announced by the Moderator.

ARTICLE 1: To choose all Town Officers by official ballot.

Selectman for 3 years:

Steven L. Huss	had 176
9 Write Ins	

Town Treasurer for 1 year:

Harry L. Heath	had 185
3 Write Ins	

Overseer of Welfare for 1 year:

Laura M. Heath	had 193
1 Write In	

Trustee of Trust Fund for 3 years:

Samuel L. Laverack	had 204
--------------------	---------

Superintendent of Cemeteries for 1 year:

Lyle Thompson	had 22
26 Write Ins	

Fire Ward for 3 years:

Earl Hansen	had 196
2 Write Ins	

Moderator for 2 years:

Ross V. Deachman	had 200
3 Write Ins	

2 Library Trustees for 3 years:

Jane E. Huntoon	had 178
Susan C. Stepp	had 192

Holderness School District:

2 School Board Members for 3 years:

Patti-Jeanne Biederman	had 154
Steven A. Greene	had 113
Olive W. Staples	had 106

Pemi Baker Regional School District:

Moderator for 1 year:

Robert B. Clay	had 207
----------------	---------

School Board Member from Holderness for 3 years:

Martha Richards	had 179
15 Write Ins	

School Board Member from Holderness for 1 year:

Ross V. Deachman	had 197
------------------	---------

School Board Member from Plymouth for 1 year:

Kathleen E. Ringlein	had 83
Jonathan Freeman	had 68

School Board Member from Wentworth for 3 years:

Susan M. Judd	had 162
---------------	---------

ARTICLE 2: To see if the Town will vote by official ballot on the amendments to the existing Zoning Ordinance as proposed.

#1: Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Both items will be placed in a new Article for Emergency Actions. These are to expedite corrective actions for an existing failed system. They are never to be used for new, nonexistent systems or to circumvent the intent of the ordinance.

EXPEDITED SEPTIC SYSTEM REPAIR OR REPLACEMENT

Existing septic systems, that have failed, that can not meet present zoning requirements may be repaired or replaced upon receiving the written approval of the Chairman of the Board of Selectmen, the Chairman of the Planning Board, and the Chairman of the Zoning Board of Adjustment, or their designee(s). The Health Officer shall provide a recommended course of action to each of the chairmen within three working days of receiving the application for the system. The chairmen

shall submit their reply to the Board of Selectmen within five days of receiving the Health Officer's recommendations. Upon receipt of the written approval the Selectmen, or their designee, shall expedite the issuance of a building permit. If the location of the replacement system cannot practicably meet the requirements of this ordinance the permit may be issued without a variance. Should any of the chairmen not approve of the repair or replacement the applicant will have to proceed with the normal course of action as outlined in the zoning ordinance. This does not negate the need to adhere to all applicable State of New Hampshire requirements.

REPLACEMENT WELLS

The Selectmen, or their designee, after consultation with the health officer, may immediately issue a building permit to repair or replace a failed well. If the location of the replacement well cannot practicably meet the requirements of this ordinance the permit may be issued without a variance. The Selectmen or their designee should attempt to have the new well come as close as possible to the ordinance requirements.

(These are recommended by the Planning Board)

YES 182 NO 28

#2 Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Add Sand & Gravel Excavation as a Special Exception in both General Residential and Commercial zones.

(This is recommended by the Planning Board)

YES 154 NO 52

#3 Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Add the following locations:

Recreation Facility-Personal & Recreation Facility-Public, as permitted uses in all zones.

Recreation Facility-Commercial, as a permitted use in the Commercial zone and as a Special Exception in all other zones.

Recreation Facility-Commercial Low Impact as a permitted use in the Commercial zone and as a Special Exception in all other zones.

Small Retail Business (less than 2500 sq. ft.) as a Special Exception in the Rural Residential zone.

(These are recommended by the Planning Board)

YES 168 NO 41

#4 Are you in favor of the adoption of Amendment #4 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Add the following definition:

Recreation Facility-Commercial Low Impact-A recreation facility operated as a business and open to the public for a fee. The low impact uses shall be non-motorized bikes, non-motorized boating, cross country

skiing, snowmobiling, horseback riding, horse drawn wagon or sled operation, picnicking, swimming, snowshoeing, hiking & backpacking.

(This is recommended by the Planning Board)

YES 170

NO 39

#5 Are you in favor of the adoption of Amendment #5 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

ISSUING PERMITS

Change the last sentence in the second paragraph of Article IX, Section B, from "There is a twenty day appeal period after the issuance of a permit." To read "There is a twenty day appeal period after the issuance of permit except in the case of a permit for the repair or replacement of a well or septic system, in which case the permit shall become effective upon its issuance."

(This is recommended by the Planning Board)

YES 182

NO 28

ARTICLE 3: To Accept the report of all Town Officers and Committees. Earl Hansen moved the motion and Larry Gooch seconded it. The article PASSED by a voice vote.

ARTICLE 4: To see if the Town will vote to add one alternate member to the Recreation Board to be appointed by the Selectmen to serve for a term of 2 years. Moved by Margaret Winton and seconded by Earl Hansen. A voice vote was taken and the article PASSED.

ARTICLE 5: To see if the Town will vote to accept the sum of ten thousand dollars (\$10,000.) as an expendable trust from the White Oak Pond Association. The purpose of the trust is to repair and maintain the dam on White Oak Pond. The selectmen are to be the agent to expend the monies in the trust. Moved by Earl Hansen and seconded by Larry Gooch. Questions were asked about the use of the money. Harold Maybeck explained that the money was for repairing and maintaining the dam. A voice vote was taken and the article PASSED.

ARTICLE 6: To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of constructing a recreational path in Town and raise and appropriate the sum of fifteen thousand (\$15,000.00) to be placed in this fund. The Selectmen and Budget Committee recommend this appropriation. Alisoun Hodges was recognized by the Moderator and moved that the article be amended to read as follows:

To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of constructing a recreational path in Town and raise and appropriate the sum of fifteen (\$15,000.00) to be placed in this fund, and further to authorize the Selectmen to act as agents for this Capital Reserve Fund, seconded by

William Webb. A letter was read by Alisoun Hodges in favor of the motion. Selectman Harold Maybeck spoke against the motion. Several residents spoke in favor and against the article. Questions were raised about the cost to the town and the length of time it would take to complete the project. Bill Webb explained the project. Discussion continued about who's responsibility it will be to maintain paths, policing, and questions about crossing over residents' property. After a lengthy discussion, Fran Taylor moved to end debate and Jean Bergeron seconded the motion. The motion to cut off debate was passed. The Moderator Ross V. Deachman read the main motion as amended Alisoun Hodges moved the motion and it was seconded by Bob Bergeron. A voice vote was taken. The Moderator then requested a division of the house. A standing vote was taken, 89 votes were in the affirmative and 50 votes were negative. The article as amended PASSED.

ARTICLE 7: To see if the Town will vote to appropriate the sum of fifteen thousand dollars (\$15,000) for the construction of a recreation path and to authorize the withdrawal from the recreational path capital reserve fund. The Selectmen and Budget Committee recommend this appropriation. The Moderator, Ross V. Deachman after reading the article recognized Alisoun Hodges. Alisoun wants to move Article 7 to read as follows: To see if the town will vote to authorize the withdrawal of up to \$15,000.00 from the recreational path capital reserve fund to be used toward the construction of a recreational path. The motion was seconded by Bob Bergeron. Some discussion followed. A voice vote was taken and the article PASSED.

ARTICLE 8: To see if the Town will vote to authorize the selectmen to enter into a 5 year lease purchase agreement for a road grader for the Highway Department, and to raise and appropriate the sum of eighteen thousand six hundred dollars (\$18,600) for the first 6 months lease payments. Selectman, Susan Webster wants to make a motion to amend the article to read \$25,705.06. Motion was seconded by Malcolm "Tink" Taylor. Susan Webster explains the increase in amount of money needed. This will be the amount annually. The Moderator, Ross V. Deachman also states that the 6 months be changed to 12 months. Discussion followed. Wilson Earl explains the need to purchase a new grader. Martha Richards makes a motion to move question, seconded by Sandra Heath. A voice vote was taken and the article as amended PASSED.

ARTICLE 9: To see if the Town will vote to appropriate the sum of one hundred thousand dollars (\$100,000.00) for the reconstruction of a section of Coxboro Road and authorize the withdrawal of said funds from the capital reserve fund created for that purpose. The Selectmen and Budget Committee recommend this appropriation. Moved by Margaret Winton and seconded by James Greene. Tink Taylor asked what the amount of the capital reserve fund is at present? The Moderator Ross Deachman stated that the amount is \$124,966.62 plus

interest as of Dec. 31st. No discussion followed. A voice vote was taken and the article PASSED.

ARTICLE 10: To see if the Town will vote to appropriate the sum of seventeen thousand dollars (\$17,000.00) for engineering studies and construction designs for a Fire Station, Highway Dept. garage and Police Station and to authorize the withdrawal of said funds from the Land/Building Acquisition capital reserve fund. The Selectmen and Budget Committee recommend this appropriation. Moved by Earl Hansen and seconded by Alden Van Sickle. A question was asked about the \$30,000.00 that was appropriated last year. Larry Gooch responded to the question by saying that the town did appropriate that money and that some of it has been used for engineering survey on the site at Rte. 3 and Rte. 175. He also explained what the monies will be used for in the future. A voice vote was taken and the article PASSED.

ARTICLE 12: To see if the Town will vote to raise and appropriate a sum of two hundred three thousand dollars (\$203,000.00) to be placed in the following designated Capital Reserve Funds.

Highway Truck	35,000
Loader	10,000
Police Cruiser	15,000
Fire Truck	30,000
Road Reconstruction	100,000
Town Hall	7,000
Conservation Commission	
Land Acquisition/Easement	2,000
Transfer Station closure	2,000
River St. sewer reconst.	2,000

The Selectmen recommend the above figure. The Budget Committee recommends \$188,000 to be placed in Capital Reserve Funds. Moved by Earl Hansen and seconded by Alden Van Sickle. Bill Webb wants to amend the article to read, raise and appropriate the sum of \$188,000.00 to be placed in the following designated Capital Reserve Funds. All the amounts are to remain the same except the fire truck which would be \$15,000 instead of \$30,000. Seconded by John Jurczynski. Bill Webb explains the feelings of the Budget Committee. Budget Committee would like to put in \$15,000 this year and \$15,000 next year and then add to the amount next year. Earl Hansen feels that we won't be able to keep up with costs if we don't put in \$30,000 this year and that we will fall behind. Some discussion followed. Selectman, Susan Webster states, she supports the \$30,000. A vote was taken on the amendment, which was the amount of \$188,000.00 which reduces the amount on the fire truck to \$15,000.00. The vote was in the negative. Fran Taylor called for a division of the house. The count was taken of those in favor and the Moderator stated, there was no need to count and the chair declared the motion to amend was defeated. Back to the main motion, which is the amount of \$203,000.00. A voice vote was taken and the article PASSED.

ARTICLE 13: To see if the Town will vote to appropriate the sum of nineteen thousand eight hundred dollars (\$19,800) for a police cruiser and to authorize the withdrawal of said funds from the capital reserve fund created for this purpose. The Selectmen and the Budget Committee recommend this appropriation. Moved by Earl Hansen and seconded by Malcolm "Tink" Taylor. Larry Gooch wants explanation by the Police Chief as to why we need a new cruiser? Chief Ty Gagne explains the need for the new cruiser is because of high mileage on the present cruiser and the safety issue. David Arnold wants to know if we will be purchasing a cruiser every year. Chief Gagne explains that next year we will not be purchasing a cruiser but that the plan is to hopefully purchase one the following year. A voice vote was taken and the article PASSED.

ARTICLE 14: To see if the Town will vote to raise and appropriate the sum of one million five hundred twenty two thousand three hundred fifty one dollars (\$1,522,351.00) which represents the posted operating budget. Said sum does include special and individual articles addressed, Recommended by the Budget Committee. The Selectmen recommend \$1,538,001.00. The chair recognizes Selectman, Susan Webster, who moves to raise and appropriate \$1,545,106.06 which includes the increase in the Police Chief's salary of \$650.00. The Moderator then stated the motion as follows, to raise and appropriate the sum of \$1,545,106.06 which sum includes amounts previously raised under prior articles. The motion was seconded by Jim Greene. Bill Webb explains the difference between the recommendation of the Selectmen and the Budget Committee. Budget Committee feels that the chief has done an outstanding job and had recommended a 6% increase but not the amount the Selectmen recommended which is a 10% increase. Selectman, Susan Webster spoke in favor of the 10% pay raise. Richard Currier states that he feels it is not a pay raise but bringing the Chief's salary in line with other chiefs in the area. A voice vote was taken and the article PASSED.

ARTICLE 15: To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the Town gifts, legacies and devices made to the Town in trust for any public purpose, as permitted by RSA 31:19. Moved by Earl Hansen and seconded by Larry Gooch. No discussion followed. The article PASSED.

The Chair recognizes Sid Lovett. Mr. Lovett wants to thank the town for their support to the Historical Society. He also states, that the Historical Society would accept any older articles that might be appropriate. He also requests that the Selectmen and the Town Manager prepare a pay writ and that they also prepare a personnel review policy and have it ready for the next town meeting. The Moderator accepts it as a sense of the meeting. The Moderator recognizes Bill Webb. Mr. Webb

wants to thank David Dupuis for the great job he has done on the Park Board. Earl Hansen also wants to thank the out going Selectman, Harold Maybeck.

ARTICLE 16: To transact any other business that may legally come before the meeting. No other business was discussed. Earl Hansen moved that the meeting be adjourned and Alden Van Sickle seconded. The article carried in the affirmative and the Town Meeting adjourned at 8:45 p.m.

*Tapes are available at Town Clerk's office.

Respectfully submitted,

Priscilla Bartholomew
Town Clerk

PUBLIC SAFETY AND ROAD MAINTENANCE BUILDING COMMITTEE

The Public Safety and Road Maintenance Building Committee, called into existence by the Board of Selectmen in late November of 1994, continued to work on site selection and facility planning during 1995. The objective of that work, as described in the 1994 Town Annual Report, was to bring to the March 1996 Annual Town Meeting a Warrant Article or Articles asking the town to approve the acquisition of land and the funding to construct a new combination Police and Fire Station, and to fund the construction of a new Town Highway Department and Maintenance Building.

The Committee completed its site evaluation work over the summer, and made a recommendation to the Board of Selectmen to enter into a Purchase and Sale Agreement to purchase the property directly across the street from the present Fire Station, contingent upon approval of the March 1996 Town Meeting. This was done.

Preliminary site and building plans were drawn for the two facilities, estimates obtained for construction, and preliminary figures developed for the project. Work was also done to examine issues raised by concerned citizens around the proposed scope and location of the two projects, and to prepare for the presentation of the projects to the town. Public information meetings were held in August and December, and a first Bond Hearing in January, 1996.

Following that meeting, the Budget Committee requested and was given a rational and justification for the project, and then, it requested that the Building Committee reconsider the size of the project. Joint meetings were held among the Board of Selectmen, the Budget Committee, and the Building Committee to work out a compromise that would meet the needs of the town while reducing the amount of long term debt which the town would have to carry.

This compromise was reflected in the proposed 1996 Town Budget presented at the Budget Hearing, and was presented at a second Bond Hearing held on the 22nd of February. The Committee is confident that the project, as now proposed, will meet the objectives set down at the start of our work.

The Building Committee, the Budget Committee, the Board of Selectmen and representatives of the three departments who will be served by these facilities, have all worked together to bring the recom-

mended project to the town. In doing so, we have always been conscious of the fact that we were building on work done by previous committees and boards, going back nearly two decades. The Warrant Articles we bring to the Town Meeting this March reflect all of that work, vision, and planning. We urge the voters of the Town of Holderness to approve this project.

A more detailed report of the work of the Committee, which includes a full description of the proposed Fire and Police Station and the Town Highway Garage, is available at the Town Hall.

HOLDERNESS POLICE DEPARTMENT

1995 REPORT

As I approach my third year as your Chief of Police, I can best describe 1995 as a year of changes and challenges for the Holderness Police Department. Throughout the year the department was faced with several time and manpower consuming incidents that required a team effort from all personnel. The department is currently experiencing an increase in criminal investigations and juvenile services which has made it necessary to assign an officer to handle those duties as well as patrolling. Though Holderness is a small community, we are faced with the realization that location and population does not make us immune to incidents which would "never happen here".

I am very proud of our officers' performance in 1995, they have each worked hard and we are very fortunate to have them. Sergeant Shawn Magoon is responsible for patrol supervision, that is, it is his job to make sure that the police officers are performing their duties properly. Shawn has given 110%, this year in December graduated from the New England Institute of Law Enforcement Management, a three week Command Training Program held at Boston College in Wellesly, Massachusetts. Shawn is entering his fifth year with the department.

Officer Mark Nash, in his second year, is "a man of many hats" in the department. Mark is responsible for training all incoming police officers in the field as well as performing his normal patrol responsibilities. Mark has also been assigned to investigations and juvenile services. Mark has done a great job in balancing each of his responsibilities and is a true asset to the town.

Filling our two full-time vacancies this year were Officer Jeffrey Meier and Officer Jeremiah Patridge. Jeff is a native to this area and he brings with him a great knowledge of the outdoors, which has come in handy at different times this year. Jeff is responsible for cruiser maintenance and evidence handling at the department. Jeremiah or "Jake" as he is known to everyone, brings with him a solid knowledge to the Town of Holderness and those who reside here. I am happy that Jake chose to start his career in law enforcement where he grew up, as I did. It is my hope that both he and Jeff will stay with us for a long time to come.

In closing I would like to thank our part-time police officers who are often called to fill a shift on a moments notice, Debbie Lurie, our secretary for her hard work and dedication, Steve and Dickie Currier at S.W. Currier and Sons for their outstanding cruiser maintenance and the Board of Selectmen and residents of Holderness for your continued support in our effort to provide quality police service.

Have a safe and prosperous 1996,

Ty H. Gagne
Chief of Police

SIXTY-THIRD ANNUAL REPORT OF THE HOLDERNESS FIRE DEPARTMENT-1995

The Holderness Fire Department had a record year in 1995 with a total of 218 calls. The 50% increase in medical calls to 99 kept our seven EMTs very busy, and they again made use of the "DHART" helicopter in a critical case. Nine structure fires was also an unusually high number.

In July we responded to a forest fire on Mt. Livermore caused by a lightning strike which proved to be rather difficult to extinguish. The burning area was on a steep, rocky, side hill, the last 100 yards or so accessible only by foot or by helicopter. The problem with paying for forest fires is that the up-front expense comes right out of the HFD budget which was not prepared with a costly forest fire in mind. And it's obvious we can't plan for a major forest fire in a particular year—the frequency is more like once every five or ten years. The State of New Hampshire eventually reimburses the Town for half of the expense, but the payment goes directly into the General Fund, not the HFD budget. We don't want to inflate our yearly budget based on what might happen, so we are proposing in Warrant Articles for 1996 that the Town have a "Non-expendable Trust Fund" for forest fires (and one for floods—the other infrequent and unpredictable type of response we handle). After the Trust Funds reach enough to cover one major forest fire and one big flood year, they would be replenished only to the extent they were depleted in the previous year.

Another set of Articles to appear on the 1996 Warrant proposes that the Town purchase the Helen Miller property (directly across Route 3 from the present Fire Station) and construct a new combined Fire and Police Station. In December of 1994 the Selectmen appointed a Building Committee to study the needs of the Police, Fire, and Highway Departments and to develop recommendations to address those needs. Meeting almost weekly since the above date, this Committee (chaired by Larry Gooch and including Alan Howe, Paul Montour, Mike O'Donnell, Adrian Robie, Sandy Heath, Susan Webster, and one member of the HFD—former Selectman Skip Van Sickle) has studied the work and proposals of previous committees, has done a thorough needs analysis, has considered several proposed locations, and has issued a comprehensive, written report with recommendations and preliminary plans. Simply stated, this Committee has done its homework; designed in conjunction with an engineer and an architect, the proposed Fire and Police Station is intended to meet the Town's needs for at least the next 40 years. We encourage everyone to speak with members of the Building Committee and members of the Police and Fire Departments about the new facility. Then come to the Town Meeting on March 13, listen, and

cast your votes based on an informed point of view.

A quick reminder: the proper number to call for all emergencies (fire, police, or medical) is now "911".

Respectfully submitted,

Tom Stepp, Clerk

REPORT OF FOREST WARDEN

The year 1995 was a very trying year for Fire Officials and all persons in general, with extreme Class Four and Class Five Fire days dictating that no open burning could occur, no permits could be issued. The Town Dump was shut down, no burning of debris.

It was the first time in twenty some odd years that the State issued a Red Flag Warning, meaning that conditions of high humidity and winds along with no precipitation a conflagration could happen with these type of situations.

The next step beyond is that the Governor would issue a cease and desist order closing the woodlands to hiking, logging, recreational camping and such.

The Town of Holderness experienced only three forest fires during the 1995 fire season. There was 240 fire permits issued through out the season.

<u>Location</u>	<u>Date</u>	<u>Cost</u>
Mt. Prospect Rd	5-6-95	\$ 211.00
Range Rd	5-7-95	\$ 50.00
Mt. Livermore	7-3-95	\$6,239.00
Warden and Deputy Training	5-13-95	\$ 342.20

Respectfully
Richard E. Mardin, Forest Warden

REPORT OF STATE FOREST RANGER

In calendar year 1995, our three(3) leading causes of fires were Children, Non-Permit fires not properly extinguished and Smoking Materials.

Violations of RSA 224:27 11, the fire permit law and the other burning laws of the State of New Hampshire, are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

To aid your Forest Fire Warden, Fire Department and State Forest Fire Officials, contact your local Warden or Fire Department to find out if a permit is required. This also helps to prevent unnecessary response to a controlled burn.

RECREATION BOARD 1995

Holderness Recreation Board, now entering its fourth year of operation, further expanded its program offerings for the 1995 year to meet the requests for more swim instruction, gymnastics, and other popular programs. New additions to the offered classes and activities included Tae Kwon Do, a Halloween Party, and an expanded age group and time for the growing instructional Youth Ice Hockey Program

The six-week Daycamp enrollment increased to forty youths per two-week session, between the ages of five to fourteen years, enjoying traditional activities and swim instruction, as well as participating in camp outs, field trips, Old Home Week, and a summer dance.

Reaching a balance in its planning and budgeting process has allowed for Holderness Recreation to join efforts with other like organizations that promote recreational opportunities for this area. We are a member of the New Hampshire Recreation and Park Association, an affiliate of the National Association, as well as National Youths Sports Coaches Association, and New Hampshire Municipal Association. Flyers are mailed on a quarterly basis, with many updates distributed through local schools and public locations, as well as local radio and newspaper advertisements, in an effort to publicize our offerings to as many Holderness residents as possible.

In 1995, Alisoun Hodges, an alternate Board member, stepped down and Linda Baker joined the Board. Gail Marshall-Maggi also stepped down, with Trish Driscoll now a new member of the present five member Board. Revenues generated and returned to the General Fund for 1995 were \$14,781.55, leaving a net cost to the Town of \$6,601.00.

Again, the Holderness Recreation Board and staff would like to extend sincere thanks to the many individuals, organizations, businesses, and area schools that are such an integral part of our continuing venture to offer quality, affordable recreational opportunities for all age groups in our community. A special recognition goes to the newly organized Friends of Holderness Recreation Board, a separate group of volunteer officers, formed to assist with financial support for special equipment and/or events not funded in the Recreation Department budget.

Accomplished through fundraising efforts and volunteer time, the Friends of Holderness Recreation provided daycamp scholarship funds, purchased a new Junior Gymnastics balance beam, and sponsored the Annual Town Christmas Party for children.

Holderness Recreation has exciting new ideas for the 1996 year and looks forward to many community members participation.

1995 acquisitions: 681 books, 91 A/V, 11 computer programs
discards: 224 book, 7 periodicals, 2 puzzles

LIBRARY HOURS:

Mondays, Wednesdays and Saturday 10:00am - 6:00pm
Summer: same, plus Fridays 2:00pm - 8:00pm

ACTIVITIES:

Mary Delashmit continues as Librarian, and Jane Blaine as assistant. Linda MacNeil was hired on a parttime basis this summer to work Friday evenings, and other times as needed.

In the fall we obtained our new "Patrons' Computer", which has been a great success already, especially with the children. This is due in large part to a very nice donation from our patron Tab Julius of four excellent children's CD-ROM educational games. We hope to gradually obtain more educational CD-ROMs for patrons' use. (A Compton's Encyclopedia and a couple of others came with the machine, from Diadac in Rumney.)

Summer Story Time this year had an attendance of over 100 children. We thank all our volunteers for organizing and leading the groups. The children also enjoyed reading some fun and interesting new books during our Summer Reading Program, "Saddle Up a Good Book", which was part of the State-wide program. Mac Donald's restaurants in Plymouth and Meredith again offered coupons for books read.

Our annual Friends Plant and Food Sale this year enabled us to buy some good videos for our patrons, including a 5 volume Native American series, and several movies. On our annual Christmas Crafts Day patrons made Christmas wreathes and swags using greens provided by our Friends of the Library. We also learned to make some lovely Christmas decorations with the help of Lila Heath and others. Thanks go to all those who helped make our activities such a success!

Mary DeLashmit
Librarian

HOLDERNESS FREE LIBRARY 1995 TRUSTEE'S REPORT

The Trustees of the Holderness Free Library thank the librarians, volunteers and Friends of the Library for their help and support during 1995.

We wish to thank Lynn Decker for her 12 years of service on the board. Her enthusiasm and energy will be missed.

The Trustees will be working with the Friends to improve the handicapped accessibility of the front door of the library. Thanks to a \$5,000 grant from the E. S. Webster Foundation and a \$1,000 contribution from the Meredith Village Savings Bank, we hope to have this project under way this year.

Two areas of significant interest in the library are the patron computer with its CD ROM capability and the video collection. These continue to be very popular with everyone. Thanks again to the Friends for using the proceeds from the Memorial Day Bake and Plant Sale to enlarge our audio and video tape collections.

The Trustees continue to work with the town, the Friends of the Library and the librarians to provide books, videos, books on tape, magazines, newspapers, CDs and free family passes to the Science Center of New Hampshire for the education and recreation of Holderness residents and visitors.

Respectfully submitted,
Board of Trustees
Lynn Decker

HOLDERNESS HISTORICAL SOCIETY

The Holderness Historical Society experienced a most productive year. Having moved the building onto a foundation at Curry Place, major renovations were accomplished in the building which features three levels of activity. The attic awaits work to prepare it for storage and preservation of materials. The main floor for meetings and displays was sheet rocked and skim plastered and will be available in the summer of 1996. A rough staircase connecting the three levels was installed. The ground level (rear) community room was fully enclosed with picture windows and outside doors. The next project will be to wire the building for electricity, hopefully before summer.

In June, the consultants, provided by a grant from the Institute of Museum Science, undertook an assessment of our building together with our holdings. We have been provided a detailed list of priorities and professional wisdom. During the summer months, over \$5,000 was raised by the auction, strawberry festival and sales of materials. The introduction of a newsletter has met with success and two issues per year - spring and fall - will keep members and friends up to date.

Two new programs were undertaken in the summer. A walking tour of three homes on Shepard Hill drew over 30 participants. We will schedule another such event this coming summer. The second new event was a tea party in honor of Miss Eleanor Goodrich whose family came to Shepard Hill in 1880. Before her death, Miss Goodrich was an avid walker and enjoyed sharing in many community events. Her estate has provided the Society with many photos which portray Holderness scenes and activities.

The Society reinstituted an earlier civic tradition known as the Boston Post Cane. At a luncheon meeting in November, the oldest living resident of Holderness, Frances Ayer, was presented a replica of the cane formerly distributed by the Boston Post newspaper.

We may look forward to the continuing need for funds to complete the project. Over 200 contributors have made our progress possible. Volunteers have been especially important and tentative plans are underway for a major "Paint the Building" project for volunteers on the fourth weekend in June (21, 22, 23).

Our auction continues to be a popular fund raiser so we will undertake a great auction scheduled for mid July. Donors of items and volunteer helpers are a priority. Please contact one of the directors listed below if you can help.

Officers: Roger Gage, Doris Graton, Richard Calley, Laura Heath,
and Richard Davenport

Board Members: Linda Baker, Lila Heath, Margie Maybeck, Cynthia
Murray, Mary Elizabeth Neilson, Sandra Perkins,
Jim Greene, Gerald Love, and Lynn Hansen

HOLDERNESS PLANNING BOARD

This was a relatively quiet year for the Planning Board as far as subdivisions were concerned. We had several small subdivisions and some good sized "boundary line adjustments". The boundary line adjustments did not change the overall number of lots but did change the size of some abutting lots.

Site Plan review did have some activity with the review of the change of ownership of two of the cottage groups. After reviewing ownership documents and questioning the buyers it was determined that this was basically a change of ownership and not a change or expansion of use therefore the Board took no action.

The Board lost some wonderful people and a lot of experience this year. Vice-chairman, Bob Bergeron; Secretary, Georgene Fabian, Sally Fellows, and Jackie Blewitt all stepped down this year. They are all missed. The knowledge, experience and dedication that they gave to the town will be hard to replace.

Georgene Fabian was recognized by the Office of State Planning and the Lakes Region Planning Commission as one of the State of New Hampshire's top volunteers. It was a well deserved award. Georgene chaired the team that put together our Master Plan. It was her dedication and drive that gave Holderness the best plan in the state.

Presently, the Board has several openings. You don't have to have any special training or knowledge. You do need a willingness to listen, a desire to serve your community, and time to attend one or two evening meetings a month. Please contact a member of the Board if you have any questions. The Selectmen make the appointments to the Board so let them know if you have an interest. Almost all of the town organizations can use new members.

It always bothers me to see the lack of participation in town affairs by residents of the town. Most meetings have very few spectators. We need your input as to how you want your town to look in the future. What should stay the same? What needs looking at towards future change? Proposed changes to various ordinances and town regulations happen because of input and concerns voiced by you. Be part of your town.

Speaking of changes, there are several proposed revisions to the Zoning Ordinance. These proposals were worked out by a very active group at well advertised public meetings. Hopefully these changes will make the Ordinance clearer and more user friendly. If you have any questions regarding the changes, please give me or any member of the Board a call. We are planning to reorganize the Zoning Ordinance after the Town Meeting. There will not be any changes made to the Ordinance that have not been voted on by the town. Just changes in format and the like to hopefully make it easier to find things.

LAKES REGION PLANNING COMMISSION 1995 ANNUAL REPORT

The Lakes Region Planning Commission is a voluntary, non-profit association of local governments formed for the purpose of bringing area municipalities together. By associating and pooling resources, local governments have access to a highly trained professional staff for a wide variety of services. The LRPC works to benefit the member communities and the region overall. The LRPC has expertise in land use and transportation planning, master planning, environmental planning, capital improvement programming, economic and community development, housing, fiscal and environmental impact analysis, geographic information systems, household hazardous waste collections, engineering and site plan review. Circuit rider planning and public facilitation services are also available from the Commission.

Your support helps the LRPC maintain a regional presence working on behalf of all local governments in the Lakes Region. Over the past year the LRPC:

- Provided consultation and technical assistance to thirty-one member communities.
- Met repeatedly with federal and state officials and agency representatives to influence policy and help keep the Region an active participant in many ongoing programs.
- Contracted and coordinated the 11th, and largest, regional household hazardous waste program in the Lakes Region serving over twenty municipalities in a one day super collection.
- Prepared an analysis for a permanent or semi permanent household hazardous waste facility in the Lakes Region.
- Sponsored the fall sessions of the N.H. Law Lecture Series.
- Served as Board Member to the Belknap County Economic Development Council and the Newfound Economic Development Corp. Mitigation Advisory Committee.
- Convened two public participation meetings for the Route 16 corridor study from the seacoast to Errol, NH, in coordination with the N.H. Dept. of Transportation and three other regional planning commissions. Completed extensive transportation and data collection efforts for the study.

- Completed a display map of several sites in the Lake Winnepesaukee watershed for the benefit of the Lakes Region Heritage Tourism Roundtable through the Scenic Byways program.
- Awarded a grant from the U.S. Environmental Protection Agency and the N.H. Department of Environmental Services to continue technical assistance and publicity efforts for the Lake Winnepesaukee Watershed Project.
- Continued to follow up on efforts to locate a conference facility or multi-use convention center in the Lakes Region.
- Participated in other regionally significant economic development efforts including Governor's State Park Advisory Committee, Ossipee Valley Chamber of Commerce and the Franklin Economic Development and Revitalization Committee.
- Supported and staffed the Lakes Region transportation advisory committee as a forum to discuss and analyze the technical merits of transportation projects.
- Assisted applicants applying for funding assistance from the Transportation Enhancements program. In cooperation with the Technical Advisory Committee, developed a list of prioritized enhancement projects for the Lakes Region.
- Convened regional meetings in support of Department of Transportation efforts for the development of a statewide transportation model.
- Completed a Tourism Profile of the Lakes Region; a statistical summary of the role tourism related activities have on the people and economy of the area.
- The first annual "Celebrate Your Lakes Day" was held in Meredith, NH on August 12, 1995. This was created to promote water quality protection in a fun and informative setting. The activities, workshops and displays presented information about issues affecting New Hampshire's Lakes.
- Published a book on the Historic Churches of Belknap County.

We look forward to serving Holderness in the future. Feel free to contact us at 279-8171 whenever we can be of assistance.

ZONING BOARD OF ADJUSTMENT

The Zoning Board received applications for 10 appeals in 1995.

Two appeals were for Special Exceptions, one for a riding stable in a Rural Residential District, and a second for installation of a machine shop in an existing building in the Commercial District. Both cases required Public Hearings before the Zoning Board for the Special Exception and also the Planning Board for Site Plan Review. The State Law allows for combined hearings in such cases, as generally the same evidence is presented to both Boards. The combined hearings facilitate the hearing process both for the applicant and the Boards and therefore was utilized in these two appeals.

Two cases involved expansion of buildings on non-conforming lots, inside the zoning setback envelope, and were approved with special conditions attached.

Two cases requested building expansion on non-conforming lots but were withdrawn when material requested by the Board, necessary for their deliberations, were not forthcoming.

One application came in under Article X, created last year to expedite the septic replacement process for failed systems.

Three cases requested variances for installation of new replacement septic systems for lakeside cottages on Big Squam Lake. One was approved. Two cases on Mooney Point are presently in the hearing process.

The Zoning Board received a total of \$570.00 for Application fees during 1995.

Submitted by:
Olive W. Staples
Chairman, Zoning Board of Adjustment

HOLDERNESS CONSERVATION COMMISSION ANNUAL REPORT 1995

The major focus of the Commission in 1995 continued to be the three town conservation properties. Two work days were held on the Town Forest/Pilote Forest properties. The trail on the Pilote Forest is now completed to the top of the property. The Commission has contacted the abutting property owner and he has given permission to the Commission to construct a short trail that now connects the top of the property to the old Town Farm Road. This connection allows hikers to make a complete circle beginning at the start of the trail on Beede Road, hiking through the property and returning via the Town Farm Road. Much of the remaining debris on the Pemigewasset Riverside Park property has been removed. The Commission was hoping to hire a small bulldozer to recover the existing materials, but Fall floods prevented this. Part of the Pemigewasset Riverside Park was once a "dump" for the residents of west Holderness. Within the past fifteen years or so, someone came on to the property with a back hoe and uncovered part of the material (probably searching for bottles, etc.). Plans are to regrade this area this spring/summer to cover over the remainder of the exposed debris.

The Commission has continued to work with Selectmen and the Building Committee as to the location of the town sheds. The Commission continues to believe that siting the sheds and road materials at the Town Forest represents a suitable use of the portion of the property where soil and other materials were removed when the property was an active gravel pit. It hopes that the matter will be solved soon, so that the Commission can continue its restoration work if the property is not used.

The Commission continues to deal on a regular basis with items related to docks, wetlands permits, etc. Major items this year included matters related to the prime wetlands on Mill Stream on the north side of Route 25, reconstruction of an existing dock on Little Squam Lake, winter storage of docks on the Squam River bank, and possible encroachment on prime wetland (Lambs Swamp), just to mention a few items. On the first issue Commission members, guided by local residents, participated in a visual survey of the wetland. On the last issue, the Commission submitted a request to the NH State Wetlands Board to examine the situation. It has not been resolved as of the submission of this report.

The Commission meets every second Thursday at 7:00pm in the Town Hall. Special meetings and field inspections are sometimes held in between regular meetings. If you have an interest in becoming a member of the Commission, please contact the Chair. All proceedings of the Commission are open to the public and we welcome all comments and offers of assistance.

UCC's.....	959.35
Wetlands	46.50
Total	\$209,544.85

WHITE OAK SOLID WASTE DISTRICT REPORT

This year Holderness generated a total of 1,102 tons of waste, broken down in the following manner:

# OF HAULS	MATERIALS	TOTAL TONS
81	Solid Waste	854.71
21	Metal	52.73
11	Shingles	97.47
2	Aluminum	2.98
6	Glass	60.00
<u>4</u>	Newsprint	<u>33.71</u>
125		1,101.60

Mandated by State Law, the Town is required to have an agreement in place with a licensed facility for the disposal of municipal solid waste. The original contract was with Consumat Sanco in Bethlehem, NH, to receive the solid waste, and with American Waste to haul it and supply containers. During the last five years, both facilities have changed ownership.

This year, the Town renegotiated its contract which it can do every five years. It considered three solid waste disposal companies, but finally negotiated with Waste Management of New Hampshire for an inclusive contract for both hauling and disposal of waste. Their facility is located in Rochester, NH. It is a modern facility which has room for expansion. The terms of the agreement are very favorable to the Town, and the Committee looks forward to working with Waste Management of New Hampshire.

In 1990, the Town contract was with American Waste (now Waste Management of New Hampshire) and the monies budgeted for solid waste disposal was \$117,500. This year the proposed solid waste budget is \$106,725. Transfer station fees and the recycling of metals, aluminum, glass and newsprint have provided over \$6,000 in revenues. Recycling results in cost avoidance.

In 1996, the Committee will review the Recycling Program and make recommendations for change that would benefit the Town in revenues produced and cost avoidance.

Respectfully submitted,

Susan Webster, Chairman

1995 OVERSEER OF WELFARE REPORT

This year the Town assisted 24 families with fuel, rent, medical, and transportation vouchers. It would be ideal if more families would help each other.

The budget for 1996 was difficult to prepare. As you are aware, the Congress is still battling over the Budget and proposed cuts. If welfare cuts are made at the federal level, then costs are passed down to the state and local levels.

If costs are passed down to the Town of Holderness we will see increases in expenditures, because we are mandated by state law to assist people in need.

Respectfully submitted,

Laura Heath

INTER-LAKES DAY CARE CENTER AND NURSERY SCHOOL

We wish to thank the Town of Holderness for their continued support of our programs. Inter-Lakes Day Care Center and Nursery School is a private, non-profit child care agency incorporated in 1971 celebrating our 25th anniversary in October of 1996. Full and part time child care is provided with developmentally appropriate curriculum at two locations for children thirteen months to twelve years. During 1995 the Center served 168 children from 132 families. Sliding scale fees are available, and USDA approved meals and snacks are included. This appropriation is used as local support and funding under Title XX through the Office of Economic Services of the State of New Hampshire.

REPORT FOR THE

PEMI-BAKER HOME HEALTH AGENCY

HOME CARE HELPS KEEP FAMILIES TOGETHER

The Pemi-Baker Home Health Agency is entering its twenty-ninth year of operation and increases its visits on average of 20% a year. New services are added as the need arises and as funding permits. Care is provided to those who are essentially homebound and in need of services in their home as opposed to an institutional setting. Many hi-tech procedures are now done in the home which adds another interesting and challenging dimension to the home health field.

- * Many of our programs are becoming more specialized; and example, is Pediatric Nursing and Psychiatric Nursing. Our parenting programs continue to grow and the free dental screenings have been increased. We are in hopes of being able to increase the number of children we see in our Well Child Program.
- * The agency is now officially Medicare HOSPICE certified and this program can now enhance our terminal care program. Terminal care provides both medical and emotional support through a team of professionals, volunteers and clergy.
- * We continue to hold free blood pressure clinics, diabetic screening and immunization clinics and, in October, co-sponsored a breast cancer town meeting moderated by Heather Merrill.

The following services are offered by the Pemi-Baker Home Health Agency:

Skilled Nursing	Physical Therapy
Speech Therapy	Occupational Therapy
Social Worker	Home Health Aide
Homemaker	Hospice
I.V. Therapy	Family First Program
Companion Referral Service	Psychiatric Nursing
Health Promotions/Evaluations	Parent Support Group-REACH
Parent Aide Program - H.A.P.I.N.	Nutrition Visits
Well Child Program	Newborn Visits
Blood Pressure Clinics	Annual Flu Clinic
Diabetic Screenings	Office Blood Pressure Checks
Sponsorship of the Plymouth Area Ad Hoc Committee on Youth at Risk	

Visits to the town of Holderness in 1995 totaled 2,487 and breakdown as follows:

Skilled Nursing:	532	Home Health Aide:	1617
Physical Therapy:	184	Homemaker:	142
Speech Therapy:	5	Well Child/Nutrition:	4
Social Worker:	2	Occupational Therapy:	1

The Pemi-Baker Home Health Agency has submitted a request to the Board of Selectmen for a 1995 appropriation in the amount of \$7,546.80. This represents a per capita amount of \$4.40 based on our towns most current population as reported by the Office of State Planning in Concord.

Respectfully submitted,
Jean Lovett, Representative
Pemi-Baker Home Health Agency Board of Directors

PEMI-BAKER YOUTH AND FAMILY SERVICES COUNCIL

The Pemi-Baker Youth & Family Services Council, Inc. is an organization dedicated to promoting community-wide approaches to aid in the development of healthy families and children. The Council currently coordinates four main programs:

- 1. Juvenile Court Diversion** - a program for first-time juvenile offenders which holds them accountable for their offenses without going to court. Youths and at least one parent/guardian go before a panel of trained volunteers from their communities who develops an individual contract with them. This contract may include community service, an apology to the victim, a referral to the Challenge Course, a research project, etc.
- 2. The Challenge Course** - a 15 hour early intervention program which addresses the use and abuse of tobacco, alcohol and other drugs with honest and accurate information. Youths may be referred by a parent, themselves, the court, police or through Diversion.
- 3. Middle School Challenge** - working through a grant from the Governor's Drug-Free Schools fund and through donations, the Council, in cooperation with Plymouth Regional Elementary School, involved the entire eighth grade of PES in a modified version of the Challenge Course.
- 4. Information and Referral** - provides the residents of a 17-town region with increased access to various human service agencies in our area. This agency continues to provide this service to over 150 residents each year, either through telephone or walk-in visits. The Council also publishes a comprehensive Resource Guide of the various human service agencies in our area. This guide includes program descriptions and other valuable information to help people and agencies work together both more efficiently and more effectively.

During 1995, the Council has continued a cooperative publication of "Families First", a semi-monthly column in the Record Enterprise and provided administrative support to the fourth annual Conference for Parents (held in Plymouth each September). We also continued our involvement in "the Program," a collaborative effort between the Plymouth Police Department and Plymouth State College to provide an educational alternative for students arrested in town for alcohol violations.

In January of 1996, we will be opening a satellite office in Bristol. Also during 1996, we will be developing at least two new programs, the first of which will address the increased desire to reduce underage smoking. Another program will work with parents who want to learn more about how tobacco, alcohol and other drugs are impacting this area, and how to talk with their kids about it. By far, however, our most exciting venture will be in our role in the Whole Village Family Resource Center. This project is destined to bring "working together" to new heights in our community.

TOTAL SERVICE FIGURES:

<u>Program</u>	<u>Agency Total</u>
Juvenile Diversion	40
Challenge Course	18
Middle School Challenge	80
Information and Referral	150

Respectfully submitted,
Steven P. Bradley
Executive Director

THE TASK FORCE AGAINST DOMESTIC AND SEXUAL VIOLENCE

On behalf of the Task Force Against Domestic & Sexual Violence, I would like to thank you for your past support. During 1995, your contribution helped our organization to continue to provide the following support services:

- * 24 hour crisis line staffed by trained volunteers.
- * Confidential emergency shelter, food and transportation.
- * Support groups for domestic violence survivors.
- * Hospital and police accompaniment. Court and social service advocacy.
- * Community education programs for schools, civic organizations, etc. Training programs for volunteers, law enforcement, and other professionals.
- * Child support groups to help children learn creative, non-violent conflict resolution skills and to increase self-esteem.
- * Parenting skills group to provide parents with effective, non-violent discipline techniques. (A new service which may charge a nominal fee.)
- * Peer education program in area high schools, covering domestic violence and building healthy relationships.
- * All services are provided to clients free of charge.

In fiscal year 1995, 426 clients were served by the Task Force. This includes 20 women and 27 children that were housed at the Task Force shelter. The Child Advocacy Program served 70 children, 32 women, 4 men and 90 adolescents (peer education).

This year we are requesting \$900 from the town of Holderness to further support our services to both adult and child victims of domestic and sexual violence. This represents a 15% (approx.) increase due to extensive repairs needed on the shelter. The amount requested is based on town population from the 1990 census.

Thank you again for your continued support.

Sincerely,
Amy Gilsdorf
Fiscal Director

TRI-COUNTY COMMUNITY ACTION

Again this year, Tri-County Community Action Programs, a private not-for-profit agency, requests funding assistance for our Outreach Program in Holderness in order to provide necessary social services. For 1996, we would like to request \$740.00 from your town.

Our Outreach Coordinator, Joyce Weldon, Outreach Center have salary and office expenses paid for three (3) months of the year by the Fuel Assistance Program Grant that we receive. The funds to keep the local Outreach Office open the nine (9) months of the year come from your town and those of your neighbors, from the Community Services Block Grant funds, and some from the state and federal Emergency Shelter Grant funds.

In summary, this past year, we have served 110 households of 399 people, provided 130 client service units, in addition to assisting area families with approximately \$45,860.50 in direct services or products.

If you have any questions regarding these services or this request, I shall be glad to hear from you.

Sincerely,
Carlton R. Lord
Outreach Coordinator

TRI-COUNTY COMMUNITY ACTION

1994-95 OUTREACH REPORT

Because of your support and that of other surrounding towns, we were able to keep our Campton Area Outreach office open through the entire year. As a result, we were also able to leverage the following funds and/or provide the following services or products to the low-income people of your area:

Service	Amount
FEMA (Emergency Food and Shelter)	\$ 3,600.00
USDA (Food Products Distributed - Retail Value)	14,063.00
Client Services Fund & Food Pantry Assistance	3,000.00
Homeless - Emergency Food and Shelter	6,000.00
Volunteer Hours @ \$4.25/Hour	<u>6,500.00</u>
OUTREACH TOTAL	\$33,163.00

Please note that these funds are in addition to the approximately \$4,000.00 Community services Block Grant matching funds that are applied to each Outreach Co-ordinator's salary and other local office expenses. Your continued financial support is needed to insure the availability of these dollars for local use and help in providing these essential social services in your community.

Also, our Outreach Coordinator's did the application intake work for Fuel Assistance and Weatherization. As a result, the residents of your town received the following assistance from the Community Action Program this past winter:

	# Households	# Individuals	Dollar Amount
Fuel Assistance	37	78	\$12,697.50
Weatherization	0	0	-0-
ENERGY TOTAL	37	78	<u>\$12,697.50</u>
GRAND TOTAL ALL ASSISTANCE			\$45,860.50

NEW HAMPSHIRE HUMANE SOCIETY

The 1995 totals of the number of animals brought to the New Hampshire Humane Society from your town are as follows:

By your **Animal Control Officer:**

Dogs & Puppies	8	Returned to Owner	5
Cats & Kittens	0	Returned to Owner	0
Total	8		

From local **Residents:**

Dog & Puppies	6
Cats & Kitten	3
Stray Cat	1
Total	10

Total number of ALL animals received: 18

Your Society has been inspected and licensed by the State and fulfills your animal shelter requirements. Every town has stray animal problems and we encourage your town and especially your Animal Control Officer to call upon us in 1996 if you have any questions.

Respectfully submitted,
Mark J. Ackerman
Executive Director

GRAFTON COUNTY COMMISSIONERS'

1995 REPORT

The Grafton County Board of Commissioners is please to present the following reports and financial statements. We hope they will increase your understanding of Grafton County's finances and operations and assure citizens that their County tax dollars have been expended wisely.

During FY 1995, funds received exceeded the budget by \$163,615.52 for a total of \$14,981,914.52 in actual County revenues. This was primarily due to the receipt of Medicaid Proportionate Share Payment, given by the Federal Government to partially offset the cost of serving a disproportionate share of Medicaid recipients at the County Nursing Home.

Actual expenditures totaled \$14,598,041.22 which was \$220,257.78 less than had been budgeted. This includes \$378,525 paid to the State of New Hampshire to enable the County to receive \$757,050 in Medicaid Proportionate Share Payment, for a net receipt of \$378,525 which was used by the County to start a Nursing Home capital Reserve Account in the amount of \$200,00 and the balance going to surplus to help reduce the amount to be raised by County taxes. expenditures for Medical Referee, Dispatch Center, Grafton County conservation District, and Outside Counsel were all a little overexpended based on what was budgeted, but all other County departments were well under their budgeted amounts.

The bottom line for FY 1995 showed that revenues exceeded expenditures by \$383,873.30 leaving the County in a sound financial position at the end of its fiscal year. The Commissioners feel extremely proud of this financial picture, which exemplifies good management by all County department heads, both elected and appointed.

Grafton County experienced some major changes during FY 1995, some of which were the retirement of Douglas "Bum" Bigelow who served the County with forty-four years of dedicated, loyal service. The commissioners would also like to take the opportunity to thank former Commissioner Betty Jo Taffe for her years of dedicated service to the citizens and employees of Grafton County. The Commissioners would also like to extend their thanks to Joanne Mann for doing an excellent job as Acting Administrator of the Nursing Home through November of 1994. At that time, Mr. John Will came on board as the Nursing Home Administrator, and we would like to welcome Mr. Will and inform you he has done a superb job thus far. Last but not least, we would like to welcome our newest Commissioner, Mr. Steve Panagoulis, Vice-Chairman, Grafton County Board of Commissioners, District 3. Commissioner Panagoulis brings a great deal of knowledge and sound judgement to the Board, and has shown those qualities since January, 1995. We feel Commissioner Panagoulis is a great asset to the citizens and employees of Grafton County.

FY 1995 was another busy year for the Department of Corrections.

Admissions were up, although inmate days decreased slightly. Electronic Monitoring Program continues to grow, and appears to be an excellent form of alternative sentencing, and now has expanded to include the Drug Freedom Program which is funded through a grant from the Attorney General's Office. Superintendent Bird continues utilizing many volunteers for a number of in-house programs.

The Grafton County Nursing Home has seen changes during the past year in the following areas: computer hardware upgrade, and adding a new part-time dietary aide to help serve meals. In May, Cheryl Ridley, RN, became our new Director of Nursing, our census continues to grow, and our Staff Development Coordinator has implemented a "Quality Assurance" program in-house.

The Commissioners are extremely proud of the Whole Village Family Resource Center project, which continues on track, and hopefully will be completed by the end of the next fiscal year. We are certain it will benefit many citizens and their families in Southeastern Grafton County.

All other County departments were extremely busy during FY 1995. The County Treasurer did an excellent job investing County funds, and exceeded the budgeted interest revenue figure by \$55,177.78. The new County Attorney has done an excellent job in his office, and the number of backlog cases has been reduced drastically. Our Sheriff's Department and Dispatch Center continue to increase with activity, and remain as effective and efficient as always. Carol Elliott, Registrar of Deeds, and her staff also continue to be overwhelmed with work, and continue to do an excellent job and to generate a great deal of revenue for the County and the State of New Hampshire.

For FY 1995, the Commissioners concluded with preparation of the FY 1996 County Budget, which was adopted by the County Legislative Delegation in late June.

The Grafton County Board of Commissioners holds regular weekly meetings at the County Administration Building on Route 10 just north of the County Courthouse in North Haverhill, with periodic tours of the Nursing Home, Department of Corrections, County Farm, and Courthouse.

The Commissioners also attend monthly meetings of the Grafton County Executive Committee. All meetings are public, with interested citizens and members of the press encouraged to attend. Call the Commissioners' Office at 787-6941 to confirm date, time and schedule.

In closing, we wish to express our appreciation to all staff members, elected officials, other agency personnel, and the public for their efforts in serving the citizens of Grafton County.

Respectfully submitted,

GRAFTON COUNTY COMMISSIONERS

Barbara B. Hill, Chairman (District 1)

Steve Panagoulis, Vice Chairman (District 3)

Raymond S. Burton, Clerk (District 2)

GRAFTON COUNTY SENIOR CITIZENS COUNCIL, INC. ANNUAL REPORT 1995

The Board of Directors and staff of Grafton County Senior Citizens Council, Inc. work throughout the year to enhance the health and independence of our older citizens and to assist them to remain independent in their own homes and communities for as long as possible. Through eight locations throughout the County, including Plymouth, Bristol, Caanan, Lebanon, Orford, Haverhill, Littleton and Lincoln, older adults and their families are able to obtain services such as home delivered meals, senior dining room programs, transportation, social work services, information and referral, health and educational programs, adult day care, recreation and opportunities to be of service to the community through volunteering.

During 1995, 64 residents of Holderness were able to make use of one or more of GCSCC's programs. These older adults enjoyed balanced meals in the company of friends in a senior dining room, benefited from hot, nourishing meals delivered to their homes by caring volunteers, were transported to health care providers or other community resources by our lift-equipped buses, and found opportunities to put their talents and skills to work for a better community through volunteer service.

Services for older residents of Holderness were often important to their efforts to remain in their own homes and out of institutional care despite chronic health problems and increasing physical frailty, saving tax dollars and contributing to the quality of life of our older friends and neighbors.

GCSCC very much appreciates the support of the Holderness community for services which enhance the independence and dignity of our older citizens and assists them to meet the challenges of aging in place.

Carol W. Dustin, ASCW
Executive Director

MINUTES OF HOLDERNESS SCHOOL DISTRICT MEETING March 22, 1995

The annual meeting of the Holderness School District was called to order at 7:02 P.M. by Moderator Tink Taylor. Peg Winton moved, Bill Webb seconded to waive reading the warrant in its entirety. The vote was in the affirmative.

The Moderator read the school board election results. Patti Biederman was re-elected to the board and Steve Greene was elected as the newest board member.

Mike Hayes led the Pledge of Allegiance.

The following business was transacted:

ARTICLE 1: To see what action the District will take relative to the reports of agents, auditors, committees or officers.

Mike Hayes moved, Patti Biederman seconded. Vote was in the affirmative.

ARTICLE 2: To see if the District will vote to authorize the School Board under RSA 198:20-b to apply for, accept and expend, without further action of the School District meeting, money from any source which becomes available during the fiscal year provided that such expenditures be made for purposes for which a school district may appropriate money and that such expenditures not require the spending of other school district funds.

Peg Winton moved, Patti Biederman seconded. Vote was in the affirmative.

ARTICLE 3: To see if the School District will vote to authorize the School Board to place the amount of Four Thousand Eight Hundred and Thirty Dollars(\$4,830) it will receive from the State of New Hampshire as a Catastrophic aid into the District's capital reserve fund for special education. The School Board and Budget Committee recommend this article. (Majority vote required)

Peg Winton moved, Sam Laverack seconded. Vote was in the affirmative.

ARTICLE 4: To see if the District will vote to raise and appropriate the sum of two million four hundred thirty-three thousand seven hundred eighteen dollars (\$2,433,718) for the support of schools, for the salaries of school district officials, employees and agents and for the payment of statutory obligations of the District. The School Board and the Budget Committee recommend this article. (Majority vote required)

Patti Biederman moved, Bill Webb seconded. Vote was in the affirmative.

Article 5: To transact any further business which may legally come before the meeting.

School Board member Peter Francesco expressed his thanks to outgoing board member Olive Staples and to the townspeople for their support of the school board. Sue Francesco offered her thanks to the members of the School Board for the hours and hours they devoted to their board commitment. Mike Hayes expressed his thanks to the Moderator for allowing him to lead the Pledge of Allegiance for the past several years. Martha Richards announced that she had been elected to a three year term as a member of the Pemi-Baker Regional High School District.

Kay Hanson moved and Skip Van Sickle seconded to adjourn the meeting. Vote was in the affirmative and the meeting was duly adjourned at 7:18 P.M.

Respectfully submitted,

Nancy J. Ruhm
School District Clerk

SCHOOL DISTRICT WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Holderness in the County of Grafton, State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the Holderness Central School in said District on Wednesday the twentieth day of March, 1996, at 7:00 o'clock in the evening to act upon the following subjects:

ARTICLE 1: To see what action the District will take relative to the reports of agents, auditors, committees or officers.

ARTICLE 2: To see if the District will vote to authorize the School Board under RSA 198:20-b to apply for, accept and expend, without further action of the School District meeting, money from any source which becomes available during the fiscal year provided that such expenditures be made for purposes for which a school district may appropriate money and that such expenditures not require the spending of other school district funds.

ARTICLE 3: To see if the District will vote to authorize the School Board to place up to the amount of Ten Thousand Dollars (\$10,000) available from the FY1995-1996 fund balance into the District's capital reserve fund for special education. The School Board and Budget Committee recommend this article. (Majority vote required)

ARTICLE 4: To see if the District will vote to approve the cost items included in the recently negotiated two year collective bargaining agreement reached between the Holderness School Board and the Holderness Education Association which calls for the following increases in salaries and benefits:

Year	Estimated Increase
FY 1996-1997	33,063
FY 1997-1998	37,673

and further to raise and appropriate the sum of thirty-three thousand sixty-three dollars (\$33,063) for the 1996-1997 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year. (The School Board and Budget Committee recommend this appropriation.)

ARTICLE 5: To see if the District will vote to raise and appropriate the

sum of two million four hundred eighty-eight thousand four hundred ninety dollars (\$2,488,490) for the support of schools, for the salaries of school district officials, employees and agents and for the payment of statutory obligations of the District which also includes the sums found in Articles 3 and 4. The School Board and the Budget Committee recommend this article. (Majority vote require)

ARTICLE 6: To transact any further business which may legally come before the meeting.

Given under our hands this 5th day of March in the year of our Lord nineteen hundred and ninety-six.

INDEPENDENT AUDITOR'S REPORT

To the Board
Holderness School District
Holderness, New Hampshire

We have audited the accompanying general-purpose financial statements of the Holderness School District as of and for the year ended June 30, 1995, as listed in the table of contents. These general-purpose financial statements are the responsibility of the Holderness School District management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles. The amounts that should be recorded in the General Fixed Assets Account Group are not known.

In our opinion, except for the effect on the general-purpose financial statements of the omission described in the preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Holderness School District as of June 30, 1995, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The individual and combining fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general-purpose financial statements of the Holderness School District. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general-purpose financial statements taken as a whole.

A copy of the Audit of the 1994-1995 School District financial transaction may be reviewed at the Superintendent of Schools Office.

HOLDERNESS CENTRAL SCHOOL PRINCIPAL'S ANNUAL REPORT 1996

The start of school for the 95/96 school year was exciting and a pleasure for the entire school population. This year we started with the construction project completed and everyone had made the transition to their new space or classrooms.

The relocation of grades 1, 3, and 4 brings these classes in close proximity to each other and a closer grouping of related grades. The new middle school wing is fully operational, complete with computer networking and access to the internet, or world wide web. These new spaces and classrooms have added so much to the school, and I speak for the entire school community in expressing our thanks to the Town of Holderness for the support of this project.

Last year I mentioned in the annual report that student assessment was receiving a lot of attention through state and local program. This continues to be the case in 95/96. This year the state testing program has been extended to include grade 6. In order to coordinate testing schedules to have the least disruption to school programming, we have moved the CAT Test (California Achievement Test) given to grades 3 through 8 to the fall, and the state testing for grades 3 and 6 remaining in the spring.

In the co curriculum area we have never had such a large number of students participate. This was the second year of HCS offering a co-ed soccer program. Responding to this large number of students who signed up, we ran 2 separate teams, one 7th grade and one 8th grade. The same was true for 5th and 6th grade boys basketball, we ran two teams, one 5th grade and one 6th grade. Student council has become very active in the middle school with representatives from each grade. Our winter program has been expanded to include more snow boarding groups, and for the first time, swimming at Waterville Valley and programming at the Science Center.

This years art project was a residency with Betsy Gibberson and Mark Ragonese. These artist work with all the students in grades 6, 7, and 8, to produce the stained glass panels now on display in our new library. We have also been able to take a large portion of the student body to Plymouth State College to hear the Plymouth Regional High School Christmas performance and to the Hagerman Center for a performance of the Regional Chorus. We continue to enjoy and benefit from the cooperative program with the Science Center which provides enrichment for many of the school projects.

As I have said many times, Holderness Central School is a very special place that all people in this community can take pride in. As always, if you have any questions or suggestions about the school or programs, please stop by. We welcome your input.

Respectfully submitted,
Robert D. Tremblay,
Principal

HOLDERNESS CENTRAL SCHOOL SCHOOL NURSE'S ANNUAL REPORT

The following is a report on the health program for Holderness Central School. In this program a variety of tasks are performed to provide an environment that is conducive to maintaining the general health of all students. This is accomplished through the use of first aid, early identification of health problems and health education.

The 1994-1995 school year was a busy one for the health office. On October 24, 1994 and November 8, 1994 Dr. Cunis conducted health physicals on 40 students in grades 5 and 7. As of November 15, 1994 all students were in compliance with the State Immunization Laws.

In January 1995, 109 students participated in the dental health program. Oral examinations and dental cleanings along with instructional material was given by Barbara Laverack, registered dental hygienist. The months of January and February also saw an increase in the number of absentees due to influenza.

In March with the new building construction beginning to wind down, the health office moved to its new location. The school population at this time was also hit hard with 50 cases of Chicken Pox.

The month of May ended up being the busiest month of the entire school year beginning with a Hepatitis B vaccine clinic offered to the HCS faculty. Ten staff members were immunized on May 1st with a second dose given in June and the third given in October of 1995.

On May 10, 1995 the preschool vision and hearing program was offered to all preschool children by the Bureau of Maternal and Child Health Department. May 15 and 16 preschool screening for 25 incoming kindergartners was conducted.

An immunization clinic was held on May 24th in the HCS health office. The Pemi-Baker Health Agency, Margaret Meyer, ARPN and Phyllis Chase, RN immunized 33 sixth grade students for mumps, measles and rubella.

Finally on May 31, 1995 fifteen 8th grade students were given sports physicals in preparation for high school by Dr. Cunis with assistance from Phyllis Chase, RN.

Heights, weights, screening tests for hearing, vision, scoliosis and blood pressures as well as head lice checks were done throughout the school year with referrals sent home as necessary.

I want to express my appreciation to all school personnel, parents and volunteers for their cooperation and support in carrying out our health programs.

Respectfully submitted,
Phyllis Chase, RN

SUPERINTENDENT'S REPORT

It is with pleasure that I respectfully submit my 3rd annual report as superintendent of schools. I have chosen the following areas to emphasize:

1. Comments About Each School (from a myriad of accomplishments)
2. Plymouth Regional High School Mission and Goals
3. Plymouth Regional High School and Thornton Space Needs
4. Technology
5. District Educational Improvement Committees

This has been an exciting year for our schools. Wentworth students participated in a community-wide history of Wentworth project which was well received. In addition, the school has one of the best computer to student ratios in the state.

Thornton was recognized by the New Hampshire Partners in Education for its programs sponsored by the police department and for its volunteer program. Great strides have also been made in the area of community communication through the Bridges school and community publication.

Waterville Valley is maintaining an excellent educational program with strong community support. Small classes and individual attention are hallmarks of the school's quality.

Rumney received a grant written by Gail Poitras which will provide teacher training in science. In addition, a student recognition program has become an integral part of the school. The artist-in residence program provided an excellent tile wall hanging depicting the community.

Plymouth also received recognition by the New Hampshire Partners in Education for its volunteer reading program. Student training and education in computer use, the automated media center, and networking are becoming integral parts of the everyday program.

Plymouth Regional High School is making significant efforts to increase communications with parents through the Principal's Advisory Committee and the School Community Council. Our high school athletes also received the New Hampshire Interscholastic Athletic Association's Sportsmanship award. This speaks highly of our students. Post secondary placement of our students is running at an all time high.

Campton has experienced a wonderfully smooth year thanks to the efforts of two administrators who are student centered and responsive to parents. The building is neat and clean, students are well behaved, and there is an atmosphere of learning. If you haven't been in recently, please visit.

Holderness continues its commitment to small classes and quality instruction. Its new addition has provided badly needed space. The building is a far more effective place to learn in.

The Pemi-Baker Regional School Board has authorized the administration to hold a day and a half work session in June to determine the mission and goals of the high school. This will involve a large number of parents and other community members in an effort to provide a focus for Plymouth Regional High School's primary purposes. This activity will be done through a consensus building process. The effort will be organized by the School Community Council (made up of community members and staff) which is a collaborative decision making group that works with the high school principal and board to bring about productive change to improve the high school as our students enter the 21st century. SCC members have identified three areas on which they will be focusing. The first is an effort to look at the structure of the school day for students including the bell schedule and length of classes. They have also identified the raising of academic standards and expectations as an area worthy of attention. The third area is the school/community session noted above.

The need to improve the high school is crucial in that the future is approaching rapidly with dramatic change on nearly a day to day basis. In 1955 only 50% of the student body graduated from high school. Today we no longer have the luxury of having the high school be a sorting system with half our students winning and half our students losing. All of our students need to win.

As noted last year, two of our schools are struggling with space needs. One is the high school and the other is Thornton. We believe that Thornton's space needs can be resolved through a small addition which will be addressed through a bond issue at this year's district meeting. The high school board has approved the formation of a space needs committee, which will consist of board members, community members as well as staff and student representatives. It is hoped that this group can come forward with recommendations at next year's district meeting.

The schools of SAU #48 have a technology plan which recommends 1% of the annual budget be devoted to technology each year. Although this is not always feasible because of budgetary needs in other areas, it is given consideration annually. All of our students need to be proficient in terms of their familiarity with computers, word processors, spreadsheets, data bases, simulations, information retrieval and other areas of technology in order to succeed in the future. To achieve this goal access to technology is critical. As long as there is a disparity, the gap between highly skilled, well paid employees and less skilled, poorly paid workers will widen. It is our goal to ensure that our students are not denied jobs due to a lack of proficiency in this area.

The SAU, in conjunction with each building's administration, is presently developing a plan for the continuing improvement of instruction as measured by achievement. Each school will have a group of parents and community members working with the principal and teachers to identify areas for improvement each school year. Areas will then be reviewed and approved by the local school board. Parent involvement in the schools is an essential component to successful student learning. We feel it is necessary to provide a structure to ensure that involvement.

My sincerest appreciation is extended to each board member, parent, community member, teacher, support staff member and administrator. Many have provided support, counsel and numerous contributions. Our schools are indeed fortunate to have so many community members and educators committed to providing the best possible education for all of our children.

Respectfully submitted,
John W. True, Jr.
Superintendent of Schools

AUDITOR'S REPORT

To the Board of Selectmen
Town of Holderness, New Hampshire

We have audited the general purpose financial statements of the Town of Holderness, New Hampshire as of and for the year ended December 31, 1995, and have issued our report thereon dated February 15, 1996.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

In planning and performing our audit of the general purpose financial statements of the Town of Holderness, New Hampshire for the year ended December 31, 1995, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control structure.

The management of the Town of Holderness, New Hampshire is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories:

Budget
Cash and investments
Revenue and receivables

Expenditures for goods and services
and accounts payable
Payroll and related liabilities
Long-term obligations

For all of the internal control structure categories listed above, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

This report is intended for the information of the Board of Selectmen. However, this report is a matter of public record and its distribution is not limited.

THE STATE OF NEW HAMPSHIRE

HOLDERNESS TOWN WARRANT 1996

To the inhabitants of the Town of Holderness in the County of Grafton and State of New Hampshire qualified to vote in Town affairs:

You are hereby notified to meet at the Town House on Tuesday the twelfth of March next, at eight o'clock in the forenoon, at which time the polls shall be opened and shall not close earlier than seven o'clock in the afternoon to act upon the following subjects, the third and subsequent Articles to be acted upon commencing at seven o'clock in the evening of the following day, the thirteenth day of March, in the auditorium of the HOLDERNESS CENTRAL SCHOOL.

ARTICLE 1: To choose all Town Officers by official ballot:

Selectman	3 yr. term	Town Clerk	3 yr. term
Tax Collector	3 yr. term	Town Treasurer	1 yr. term
Library Trustee	3 yr. term	Fire Ward	3 yr. term
Trustee of Trust Fund	3 yr. term	Overseer of Welfare	1 yr. term
Supervisor of Checklist	6 yr. term		
3 Trustees of Cemeteries	1, 2, & 3 yr. terms		

ARTICLE 2: To see if the Town will vote by official ballot on the amendments to the existing Zoning Ordinance as proposed by the Planning Board.

ARTICLE 3: To see if the Town will vote to raise and appropriate the sum of nine hundred fifty thousand dollars (\$950,000.00) for the purpose of building a police/fire station and a highway garage; such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33:1 et. seq., as amended; to authorize the Selectmen to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the Selectmen to take any other action or to pass any other vote relative thereto (recommended by the Board of Selectmen and by the Budget Committee. (2/3 ballot vote required)

ARTICLE 4: To accept the report of all Town Officers and Committees.

ARTICLE 5: To see if the town will vote to raise and appropriate the sum of one hundred seventy-five thousand dollars (\$175,000.00) to purchase the Helen Miller property, tax map 5 lot 60A on Rte. 3. and authorize the withdrawal of one hundred sixty thousand dollars

(\$160,000.00) plus interest from the Land/Building Acquisition Capital Reserve Fund. The balance of fourteen thousand dollars (\$14,000.00) is to be raised from general taxation. [NOTE: A deposit of \$1,000.00 has been placed on the property from 1995 funds.] Recommended by the Selectmen and Budget Committee.

ARTICLE 6: To see if the Town will vote to raise and appropriate the sum of fourteen thousand dollars (\$14,000.00) for renovations to the front of the existing Fire Station, to accommodate a new fire engine. [NOTE: This article is not necessary if ARTICLE 4 is passed.] Recommended by the Selectmen and Budget Committee.

ARTICLE 7: To see if the Town will vote to raise and appropriate a sum of two hundred thirty-six thousand two hundred fifty dollars (\$236,250.00) to be placed in the following Capital Reserve Funds:

Highway Truck	21,000
Grader/Loader	14,000
Police Cruiser	14,000
Fire Truck	29,850
Road Reconstruction	145,000
Conservation Commission	
Land Acquisition/Easement	1,400
Sewer Reconstruction	2,000
Transfer Station Closure	2,000
Recreation Path	7,000

Recommended by the Selectmen and Budget Committee.

ARTICLE 8: To see if the Town will vote to appropriate the sum of one hundred seventy five thousand dollars (\$175,000.00) for the purchase of a new fire engine and accessories and to authorize the withdrawal of said sum from the Capital Reserve Fund created for that purpose. [NOTE: The new engine is to replace our 1970 International fire engine which will be sold by sealed bid with the revenues to return to the general fund.] Recommended by the Selectmen and Budget Committee.

ARTICLE 9: To see if the Town will vote to create an expendable general fund trust fund under the provisions of RSA 31:19-a, to be known as the Forest Fire Expendable Trust Fund, for the purpose of forest fire suppression and to raise and appropriate the sum of two thousand five hundred dollars (\$2,500.00) to be placed in this fund. Any future monies received as reimbursements for forest fire suppression will be placed in this fund. The Selectmen are to be designated as agents to expend the monies in the trust. Recommended by the Selectmen and the Budget Committee.

ARTICLE 10: To see if the Town will vote to create an expendable

general fund trust fund under the provisions of RSA 31:19-a, to be known as the Flood Expendable Trust Fund, for the purpose of life safety from flooding and repairs from flood damage and to raise and appropriate the sum of five thousand dollars (\$5,000.00) to be placed in this fund. Monies received as reimbursements will be placed in this fund. The Selectmen are to be designated as agents to expend the monies in the trust. Recommended by the Selectmen and Budget Committee.

ARTICLE 11: To see if the Town will vote to appropriate the sum of two hundred thirty five thousand dollars (\$235,000) for reconstruction of a section of Shepard Hill Rd. and Coxboro Rd. and to authorize the withdrawal of said funds from the Road Reconstruction capital reserve fund. Recommended by the Selectmen and Budget Committee.

ARTICLE 12: To see if the Town will vote to appropriate the sum of fifteen thousand dollars (\$15,000.00) for the construction of the proposed recreation path and to authorize the withdrawal of said funds from the capital reserve fund created for that purpose. [NOTE: These funds were raised in 1995 but not expended.] Recommended by the Selectmen and Budget Committee.

ARTICLE 13: To see if the Town will vote to authorize the Selectmen to act as agents to expend monies from the following Capital Reserve Funds: Land/Buildings Acquisition, Highway Truck, Grader/Loader, Police Cruiser, Fire Truck, Road Reconstruction, Town Hall, Conservation Commission, Sewer Reconstruction, Transfer Station Closure and Recreation Path.

ARTICLE 14: To see if the Town will vote to raise and appropriate the sum of Two million nine hundred eighty-one thousand eight hundred sixty-three dollars (\$2,981,863.00) which represents the posted operating budget. Said sum does include special and individual articles addressed. Recommended by the Selectmen and Budget Committee.

ARTICLE 15: To see if the Town will vote to ratify an agreement between the Town of Holderness and Holderness 2000 and the State of New Hampshire to facilitate application for, and receipt of, grant funds pertaining to the construction, operation and maintenance of a bicycle path. The agreement shall not be deemed to commit the Town to future grants or obligations of any kind without appropriate safeguards and indemnifications.

ARTICLE 16: To see if the Town wishes to amend the existing agreement under Section 218 of the Social Security Act by excluding the services performed by election workers for a calendar year in which the remuneration paid for such service is less than \$1,000.

ARTICLE 17: Shall the Town accept the provisions of RSA 31:95-b providing that any town at an annual meeting may adopt an article

authorizing indefinitely, until specific rescission of such authority, the Selectmen to apply for, accept and expend, without further action by the Town Meeting, unanticipated money from a state, federal or other governmental unit or private source which becomes available during the fiscal year?

ARTICLE 18: To see if the Town will vote to authorize the Selectmen to accept gifts of personal property, other than money, which may be offered to the Town for any public purpose pursuant to RSA 31:95-e. This authority shall remain in effect until rescinded by the Town Meeting.

ARTICLE 19: To see if the Town will vote to authorize the Selectmen to accept on behalf of the Town gifts, legacies and devises made to the Town in trust for public purposes pursuant to RSA 31:19. This authority shall remain in effect until rescinded by the Town Meeting.

ARTICLE 20: To transact any other business that may legally come before the meeting.

Given under our hands this 22nd day of February in the year of our Lord nineteen hundred and ninety-six.

Susan C. Webster
Claudia Goodwin
Steven Huss
